THE ANGEL OF JESUS

Dr. William Soto Santiago

John saw this Angel, this ministering spirit, this theophanic spirit, showing him those apocalyptic visions; that is why John could see him, and he could see each one of you also, in your theophanic bodies that each one of you has; that is why he could see the whole Divine Program represented in those apocalyptic visions.

So we can see the way John saw the Angel of the Lord Jesus Christ; and so did the prophets of the Old Testament and the prophets of the New Testament, and the apostles and the seven angels of the seven ages of the gentile Church.

And the most who saw him was the seventh angel messenger of the seventh age of the gentile Church. He even saw him in that visit of the seven angels in that cloud that was photographed there in Arizona.

When the seventh angel of the Church of Laodicea went up to that constellation, he found that there were, in total (including him), eight angels. And he said that one of them was the most outstanding, which was facing East, and which was the most outstanding to him. And he said: “This is the one that has the Seventh Seal: the Second Coming of the Son of Man with His Angels! This is the one that has the Seventh Seal, for which there was silence in Heaven for almost half an hour! This is the one who has that mystery of the Seventh Seal.”

It is the Angel of the Lord Jesus Christ sent in the end time, it is the Angel for all the churches, it is the Angel for all human beings, it is the Angel for the gentiles and also for the Hebrews, it is the Angel with the Seal of the living God sealing all the elect before the destruction of the gentiles comes.

And here, *this* cloud that was pictured, is nothing less than the photograph of the seven angel messengers of the seven ages of the gentile Church and the Angel that will take the Message to Israel; that is why he was flying from the West to the East, and looking eastward.

There we find a great photograph, one of the few that exist on Earth, of beings from another dimension; but they only see a mysterious cloud for them; because the scientists who have studied this cloud say that it is a mysterious cloud and that they don't have an explanation to that cloud, because it appeared in a place, at a height where there can't be clouds; and there were no airplanes that at that time were passing through that place; therefore, it is a mysterious cloud for them.

Now, eight angel messengers were pictured *here*; and there they are all pictured.

On one occasion our brother Branham says: "You can see His pointed wings." And people turn it *this* way, turn it *this* way, turn it *this* way, and in every way, to look for His wings, and to look for that Angel that was very outstanding to our brother Branham.

Here is that Angel Messenger and there are also the seven angel messengers of the Lord Jesus Christ; there they are pictured. But people say: "But I can't see, I can't see those angels there!"; because what is seen are... in the form of clouds; because the sign of the Son of Man would appear in the clouds, He would come in the clouds, clouds of glory, as it was promised by the Lord.

Here we have the Angel that has the Seventh Seal, and we also have the seventh angel messenger by His side; because He was the one that was next to the Angel Messenger, the seventh angel, because He was the forerunner to that Angel that was very familiar to him. The Angel who had the Seventh Seal was the Angel to whom He was forerunning, preparing the way, in the end time.

So the Angel with the Seventh Seal or the Angel that has the Seventh Seal appears *here*, and the seven angels of the Church also appear.

And there, in those eight angel messengers, all the elect of the seven ages of the gentile Church and of our age, the Age of the Cornerstone, are represented.

There we are all represented, in the sign of the Son of Man in heaven; there these angels of the Lord are in theophany.

But we know that the Divine Program is being carried out, and that what He has for our time is being carried out. We don't know if after He carries out certain things, He will let us know that such things that happened had to do with such and such a thing.

So sometimes God, so that His Program has no interruption, He carries it out; and then, when one is waiting for a thing, then He says to one: "Look, that which you are waiting for: it was fulfilled, it took place *here*; and *this* goes with *this*"; and then all things fit together perfectly.

The interpretation of a thing promised by God is the fulfillment of that which He promised.

THE SEVEN FEASTS IN THE YEAR OF JUBILEE

We, it is the same as when we say: The music or the music piece of the third dispensation is the one that has been allotted to us. When we speak of music, we don't refer to music of literal instruments, but it is a spiritual music. See?

And, for that spiritual music, you don't have to be a literal musician here, or a physical musician here; but, rather, you have to be a musician of God, for..., who has been predestined to belong to the Symphony of God, to interpret the music for this time.

(...) We are not in the Age of the Feet, we are in the Age of the Head. Well, the head is from *here* on up, right?

The Age of the Eyes *here*, well it was the age of the fourth Elijah,

he said that was the Age of the Seer: he saw all that was to come, he saw and told the things that were to come.

But we are higher than the eyes: We are in the Age of Mind; and it is with the mind that you get the interpretation, it is with the mind that you get all that you couldn't get with the other senses. Why? Because the other senses were senses of the Body; but those senses of the body are governed by the Mind. If the mind is wrong, the senses fail.

So that is why, notice: The 144,000, where are they sealed? In the forehead.

This is also, why is it that the devil wants to seal on the forehead, and on the hand too, the people? Because we are in the time of the forehead, the Age of the Forehead, the Age of the Mind.

So you can see that this is the greatest time of all time, it is the most glorious age of all time.

Well, the Age of the Mind (also) of the Forehead was typified in brother Branham, but he lived the Age of the Eyes; in other words, his ministry corresponded to the age of the eyes. And he said: "After this age, or this part, then comes the mind, the Mind of Christ"; and then it is in that age that the other things take place.

That is why he says: "The senses, the other senses can move, the other ages can move." See? One can move the hands; then the hands can be moved, and also the mouth, the tongue, the eyes can be moved. So, if they can be moved, then they are movable ages.

Then it moved, it was moved, God moved and the people were moved, from one age to another, from one age to another; but when it ends, the last thing that has movement, which is the eyes, then there is no more movement.

Then one arrives or enters to what? To something unmovable. So there is no more movement from there, it will not be able to move anywhere else. No other age will come after the Age of the Mind or the Forehead.
