THE SEVEN FEASTS IN THE YEAR OF JUBILEE

Now, you can see then, that the Year of Jubilee (which represents the Age of the Cornerstone, which represents the Golden Age, which represents the Messianic Age, in which we are living): seven glorious feasts are automatically traveled there, in one age.

So we don't need two thousand years to go through seven ages, because we have entered a faster cycle, see?

The seven past ages were in a slower cycle, which took a long time; but since the Golden Age, the Age of the Cornerstone, the Age of the Year of Jubilee, is an age that is outside of time — because time has ended —, then it is not subject to time; but in it everything is traveled so quickly, that what it took two thousand years, approximately, for the elect to travel: the elect of this time travel it in the twinkling of an eye.

Therefore, then, the elect of the Age of the Cornerstone being alive, it doesn't matter that some of them have to go to rest: afterwards they return; and they return to the same age.

Those who died in the age of the first Church age (back then, almost two thousand years ago), they don't return for the first age: they return for the Age of the Cornerstone; which is the one that will be lived in at this time.

Those who lived in each of the past ages, they return not to their age, but they return to our age; which is the one that will be lived in here on Earth at the time of the resurrection.

But if one of us leaves, he will not return in Paul's age, because that age has already passed; but ours is still here; and because it is eternal, it will continue for all eternity.

The Millennium will be lived in our age, the Millennium falls in our age, and all eternity falls in our age; even the Last Judgment falls in our age.

That is why there are things that in this time can be made clear, because they have to do with the age in which we are living; that in other times couldn't be made clear.

So we can see the time we are in, the blessing that has been allotted to us; and we can thank God for this glorious blessing.

BLESSED IS HE THAT COMES IN THE NAME OF THE LORD

Therefore, with our spiritual eyes wide open, so that we don't overlook this promise that later the Hebrew people will see fulfilled in the midst of the Church of the Lord Jesus Christ.

All this corresponds to the Seventh Seal; therefore, this mystery of Christ coming to His Church is the greatest mystery of all mysteries, it is the mystery of the Seventh Seal.

There are things, still, which can't be explained; but they will be explained later. They are not yet explained so that there may be no interruption in the midst of the Church of the Lord Jesus Christ, and so all the prophecies may be fulfilled as God has established them.

That is why it was said to the Reverend William Branham: "Of this you shall say nothing to anyone." What for? So that there will be no imitators; and so that anyone who tries to imitate: he will not know the mechanics and nothing will make sense with

the other. See? But the true revelation of the Holy Spirit makes sense from Genesis to Revelation.

Therefore, we are living in a time parallel to the time that the Hebrew people lived in the days of our beloved Lord Jesus Christ.

Humanity will see when the Tent Vision is happening being fulfilled; but that is the end, and it corresponds to the end of the Seventh Seal; that corresponds to the stage of adoption. And for a person to be adopted, first he has to have a ministerial trajectory, which is according to the Program that God has for that time.

(...) Therefore, for this end time the ministry for the Age of the Cornerstone is of the Order of Melchizedek.

And since the Age of the Cornerstone is the Age of the Most Holy Place of the spiritual Temple of Christ, it is a High Priestly ministry; therefore, he can enter the Most Holy Place of the spiritual Temple of Christ, which is the Age of the Cornerstone.

No other ministry of the past angels could enter to minister at the age and in the age of the Age of the Cornerstone, which is the Age of the Most Holy Place of the spiritual Temple of Christ; and therefore, it is a dispensational ministry.

It is the greatest ministry that the Holy Spirit would have in the midst of His Church. And that ministry corresponds to the Angel that was different from the rest, which is the Angel that has the Seventh Seal.

He will be manifested in the fulfillment of the Seventh Seal, and will be in the midst of the Church of the Lord Jesus Christ; just as each one in his age was in the midst of the Church of Jesus Christ, each of the other seven angels of the seven Church Ages.

Therefore, the mystery of the Seventh Seal revolves around the Angel who was different from the rest; and that ministry will be manifested in the Church of the Lord Jesus Christ in this end time, in the Age of the Cornerstone, to fulfill the mystery of the Seventh Seal.

(...) In other words, in that trajectory of Jesus Christ we are going to see His trajectory until this end time, and the territory where it is indicated in the Scripture that He will be in this end

time in His ministry of the Last Day; and then He will pass to the Hebrew people.

As the sun rises from the East until it reaches the West; and then it returns to the East, to the orient.

Now, do you know something? The sun comes, goes out of the East, comes walking to the West; and then it goes back through the other side of the world, to the West. And here we are going to leave it alone so as not to open much of this mystery until the time comes.

Saint Paul wanted to take the route of the return of the sun, when he had to take the route of the rising of the sun, heading West; but the return of the sun is from West to East. We will leave it there.

I believe that Miguel (who was there alert) noticed something there; but we are going to leave it there. Another time, then, maybe we will talk about it. Or when we see, when the Sun is returning to the East, I will tell you: “See, on that occasion I told you that the Sun, when it comes from the East to the West, it takes a route; but you see, when it goes back, it goes the other way.” And there we are going to leave it, until it takes that route, perhaps; so that the whole Program that God has for the return of the Sun to the East is not interrupted.
