That is why, at every moment, we are moving in the Divine Program and placing each thing in its place under the direction of the Lord Jesus Christ, so that the different promises that correspond to this end time may be fulfilled; because for the fulfillment of each promise, the things that have to do with that promise must be placed in order.

As it happened on one occasion when the seventh messenger, our beloved brother Branham, had a vision where a person would be healed, and that he would pray for that person; and he saw that person in that vision, but he also saw (in that vision) other people who were there: one sitting in a place, another person sitting in another place, and it seems to me that also a hat was placed in a certain place.

Then brother Branham was called to a place to pray for a person. He went and saw that the person was the one he

had seen in the vision. And since he was called to pray for the person, he prayed for the person, at the request of the people; and the person was not healed.

Did the prophet fail? No. Did God fail? No. And why was the person not healed? Because everything had to be in the order that was shown to him. And he had to wait: See everything he saw in the vision, he had to see it all placed in that order, and then it was time for him to pray for the person.

Perhaps some people thought: “The prophet failed.” And maybe he felt a little bit bad; because one always expects that if one prays for a person, the person (whatever he has) will be healed immediately; but God had already shown him the order for that miracle.

Then everyone was amazed, not that he was healed, but that the person was not healed; and he was very worried. But after a while the lady or sister whom he had seen in the vision came, and sat down in the place where he had seen her. And then came the other person, a gentleman, and placed the hat in the place where he had seen it, and sat down in the corresponding place. And when he saw all this, he saw that this was the moment to pray for that person. He prayed, and she was healed.

Now, notice that God does not get ahead of His Program. We as human beings can get ahead of ourselves, but He does not get ahead. He has a Program. And for the fulfillment of each promise He has established how everything has to be in place for the time of the fulfillment of that promise.

So we ask God that everything may be put in its place and every promise may be fulfilled, and we may soon be transformed; and the rest of the divine promises made for

the end of time for the children of God may be fulfilled.

We are preparing for a very great blessing that has been promised and was seen by the seventh messenger in the great Tent Vision. And I am watching for the fulfillment of that promise and everything that God guides me to do, so that it will be in the right order, in the order that He desires, so that this promise may be fulfilled.

So if anyone is watching for the fulfillment of that promise, it is me. And more than me: The Lord Jesus Christ; for as He has said, so shall He do.

So you will say to me: “Not only the Lord Jesus Christ and you; but we (all of us) are watching for the fulfillment of this great Tent Vision in that glorious summit stage of the Third Pull.”

Now, everything is moving in the direction of that promise. And so am I! And you say to me: “And so are we!” And all of that is under the Seventh Seal.

That is why the Angel flew to another person and another place, and another tabernacle. And it was said to the seventh messenger: “I will meet you there.” This will have a double fulfillment, at the very least.

To whom is he saying: “I will meet you there”? Elijah. The ministerial spirit of Elijah will be there; no longer in his fourth manifestation, but in his fifth manifestation.

And when the elect return, where do you think they are going to arrive? Where the Pillar of Fire is, where Jesus Christ is revealing Himself in that Third Pull.

Therefore, we are watching for that glorious stage, which will be a blessing for Puerto Rico, the Caribbean and all Latin America; and also for the Hebrew people, because there it will be fulfilled: when they see Him coming for the gentile Bride, then they will say: “But this

is the one we are waiting for! This is what we are waiting for!", they will say.

But the elect from among the gentiles will say: "This was also what we were waiting for! And it came to us directly from Heaven, a heavenly blessing that has come to us; and we will share it with the other human beings who desire this blessing."
