

if the resurrection happens when they are one month old. And if it happens when they are one day old, it will take them a day or two, from baby to young adult.

And if they are in the womb, well, don't worry about that: God will give them the new body; and from the womb they will become a young adult. How will that happen? Wait for it to happen, those who are pregnant.

Therefore, do not worry; because if in you there are two persons: you and the baby, well, God, just as He has a physical body there in your womb for your baby, so Christ will have a glorified body for your baby.

So he or she is the fastest to get the glorified body: without being born on Earth yet, but they are already in your body, there they are waiting for the birth.

Do not worry about it, let all things happen; and whenever you are going to have a baby pray to God. And even before: when you are already thinking about having babies, pray to God that God will give you a baby where God will place a soul from Heaven that is written in the Lamb's Book of Life. Because what we want are children who love God, who serve God, who work in the Work of God; and for that, they must be children written in Heaven, in the Lamb's Book of Life.

THE SON OF THE PROMISE

When God sends a theophanic spirit for a dispensation, in human flesh, he becomes a dispensational messenger. It is a greater theophanic spirit, with a greater mission in favor of all the children of God, descendants of God through Christ.

And that ministerial spirit operates through human flesh; and the elect of that time awaken with the Message that that messenger brings anointed with that ministerial spirit of prophet. He brings the dispensational Message for that time; and he, with that Message, opens that new dispensation and closes the previous dispensation; because God places His Word in that messenger, as He did with Moses.

Now, the Seventh Seal opened, being the Coming of Christ, is the Most Holy Place opened, so that all the elect of God may enter the Most Holy Place and not stumble over the veil that separates the Holy Place from the Most Holy Place; because behind the veil is the presence of God in the Most Holy Place, over the Ark of the Covenant, in the midst of the Two Cherubim.

We find that it is at the end of time, when the ages have ended, that the door is opened in the Temple of God, the door of the Most Holy Place; that veil is opened to allow God's elect to pass into the Most Holy Place.

THE PERFECT DAY

I have nothing of my own to glory in. What I have given you: The Message of the Gospel of the Kingdom, the Message of the Age of the Cornerstone, is not mine, but of Him who sent me; and I am very grateful to the Lord Jesus Christ that it is not mine but His. I have received it with all my heart and in all my heart, in all my soul; and I believe it with all my soul.

And I once said: "I believe it, even if no one else can believe it." And the great surprise for me was that God had on Earth many elect, predestined, corresponding to

the Most Holy Place, to the Age of the Cornerstone, who would receive It, who would believe It, with all their heart.

I thank God for sending me to you in Latin America and the Caribbean, the place that was appointed by God to make, to form, the Most Holy Place of His spiritual Temple, taking —from among Latin American and Caribbean people— people, living stones, for the construction of the Most Holy Place of His spiritual Temple.

I thank God for being in your midst. And I will continue with you until we are transformed; because the Work that He has begun will not remain halfway, it will not remain halfway. "He who began the good work will perfect it"¹; and He will perfect us, and will perfect our bodies with the transformation of our bodies.

And if the transformation and the rapture take place, what will become of our children? Well, they will be young adults next to us, which we will also be young adults; because they will also be transformed, and they will receive, even though they are little children or babies, they will receive the glorified body, which comes in a young body.

So it has taken us, to get the body, until we were... (let's say) until 18 years old, it took us 18 years. And they, even if they are a baby of one month or less, it will take them that time only. In the time it takes, from birth to receive the glorified body: it will take them one month,
