Prophecy is that which announces the things that God will carry out. Prophecy is the Word of God, it is the Divine Word. It is in the beginning the Word; and the Word was with God (the Word), and the Word was God.

The Word, the prophecy, is God Himself in letter form; for God has been passing from stage to stage to materialize His Program, His Plan. And all the things that God carries out on this Earth are the things that have been in Him, and then He has passed them to another dimension: to the dimension of the theophany, to the dimension of the Word.

All the things that God has done and will do, have first been in God and then they have been spoken; because when they have been spoken then they have

passed to the second stage: where that Word is known, where that which God will fulfill is known; and it is announced as a prophecy.

But then comes the stage of materialization, of the realization of that prophecy, of that Word; and that Word passes to materialization, and takes on human flesh to fulfill that Word, and the Testimony that Jesus Christ gives about that Word emerges. And then we have the Word fulfilled, materialized, and the testimony of that Word, the testimony of that prophecy, which is the spirit or the life of that prophecy, which is made known as a prophecy fulfilled in the midst of the people.

And then we have the prophecy fulfilled, we have then the reality of what God had promised; we have then the Word of the promise come true.

Just as the kingdom of the gentiles has been passing through different stages: from the head of gold, in the time of Nebuchadnezzar, it passed to the chest and arms of silver in the time of the Medo-Persian empire; then it passed to the third stage: the stage of the belly and thighs of bronze, which was the empire of Greece; and then it passed to the legs of iron, which was the Roman empire; and the other part of that fourth empire

is the feet of iron and clay. After the Roman empire of the Caesars, it corresponds to the feet of iron and clay, after the end of the Roman empire of the Caesars.

And now, the empire of the gentiles is found where? In the feet of iron and clay. It is there that the antichrist, the man of sin, the beast, will force all human beings in this end time, at some time, to have the mark of the beast or his number; and he will not allow them to buy or sell, but those who have the mark or the seal, or the number of his name. And it shall be a time of great trouble beginning, and afterward of great persecution, and so shall enter into great tribulation.

But the elect of God shall escape, because they are called and gathered in this end time, and shall be changed when the dead in Christ shall be resurrected.

There is much expectation in the world today for the elections in the different countries, and especially the elections in North America. There is a prophecy given by Reverend William Branham about North America, of a woman rising with political power; and also that there will be a president, another Catholic president. It can be fulfilled spiritually or literally.

Therefore, wait. When you see it fulfilled in one of the two forms, that was the interpretation to that

prophecy. Which we are not going to talk about for now, but we are going to wait a little bit. That will be a great sign of the end and for the end of the kingdom of the gentiles, and for the introduction to the Kingdom of the Messiah, the Millennial Kingdom; and the introduction, we will see later on how that introduction of the Millennium is promised to be carried out.
